## CHATTER

By Bill  
Somewhere down the line we remember an old adage that says, "If you want a thing well done...do it yourself"...or some such. Anyway, since this is National-Do-It-Yourself-Week...it is as good a time as any to put theory into practice.

We would suggest that you, yourself, drop whatever you are doing and come to the sale at Raley's!

We are having our annual after-Easter clearance of spring merchandise. We have taken from our regular stock, fifty five dresses and placed them on sale at one third to one half off the regular price. Please try them on and choose carefully since all sales are final.

Fifteen lucky females will get bargains in suits, wool and knits in two and three-piece costumes. Lovely for summer travel and wearing in air-conditioned places. We cannot name the designers, but you will know when you see them...Come early for the best choice.

Millinery is reduced one-third to one-half — everything is included except white.

## Wilson Would Bar Oil to Rhodesia

LONDON (AP) — Prime Minister Harold Wilson sent ambassador Sir Hugh Stephenson hurrying back to South Africa today. Political correspondents of some London newspapers reported he carried an appeal to Premier Hendrik Verwoerd to reduce the flow of oil from South Africa to rebellious Rhodesia.

They said Wilson also sent a warning that if the oil flow continues undiminished, African states may seek sanctions and perhaps a U.N. blockade against South Africa.

## Arnold

which Bill Arnold seeks. Kate Lewis Arnold, Judge Arnold's widow, was born in Columbia County and lives in Texarkana; she has been active in politics and served as Democratic National Committeewoman from Arkansas. His maternal grandparents were born and lived in Columbia County.

Bill Arnold is a widower, his wife, Janine, having died in December, 1965. They were married in Texarkana in 1951 and lived at 1820 Grand Avenue, Texarkana, where Bill Arnold continues to live. Janine was active in civic affairs during her lifetime, having served with the American Red cross, the Temple School for mentally retarded children, and St. Michael's Hospital Guild. She was also active in politics, having been co-chairman of the Kennedy-Johnson campaign in 1960, and having attended the inauguration ceremonies in Washington. He is a Methodist.

Bill Arnold was a Boy Scout and has remained interested in scouting and youth activities. He has served on the Board of Directors of the Conifer Council of the Girl Scouts of America, Temple Memorial Home for the Board of Directors of the Crippled Children, and is a member of the Texarkana Chamber of Commerce. He is a former President of the Miller-Bowie Cancer Society and the Texarkana Pilots Association, Inc. Bill Arnold was educated at Rice University, and the University of Texas, receiving an A. B. Degree (with honors) and L. L. B. degree. He is a member of Phi Delta Phi, an honorary legal fraternity, and served as Magister (President) of Roberts Inn in 1949.

Bill Arnold voluntarily enlisted and served actively for forty two months in the United States Air Force during World War II, first as an enlisted man and non commissioned officer, then as an Aviation Cadet, and finally as a Commissioned Officer. He served in foreign countries for over one-half of his active military service, in Egypt, Tripoli, Libya, Palestine, Syria, Turkey, Iraq, Saudi Arabia, Iran, Bahrain, Isaldn, Trucial Oman & India. He was awarded the European African Middle East Theatre Campaign Ribbon, the American Theatre Campaign Ribbon, the Victory Ribbon, and The Cross of Military Service of the United Daughters of the Confederacy. He received an Honorable Discharge and upon being relieved from active duty, was commissioned in the Officer Reserve Corps.

Bill Arnold is a member of the Arkansas Bar Association, Miller County Bar Association, Southwest Arkansas Bar Association, the State Bar of Texas, Bowie County Bar Association, the Northeast Texas Bar Association, and the American Bar Association. He has been active in Bar Association work, having been President of the Miller County Bar Association, having served on the Arkansas Bar Association Committee on Admissions to the Bar and the Committee on Annotations to the American Law Institute Restatement of the Law and is currently a member of the Membership Committee. He is a member of the Board of Directors of the Arkansas Law Review and Bar Association Journal, Inc.

The Supreme Court of Arkansas has demonstrated confidence in Bill Arnold's ability and integrity by appointing him to serve two three-year terms as a member of the Arkansas State Board of Law Examiners (plus a special appointment for the March, 1966 examination) and by appointing him to serve on the Arkansas Supreme Court Committee on Model Jury Instructions, which recently published the jury instruction book now required to be used in all the Circuit Courts in Arkansas. The Jury Instruction Committee met once a month for three and one-half years until the book was published; its membership consists of (in addition to Bill Arnold) Judge Lyle Brown of Hope, Supreme Court Justice George Rose Smith, and fourteen other distinguished judges and lawyers in Arkansas.

Bill Arnold's heavy jury trial experience for sixteen years and his service on the Supreme Court's Jury Instruction Committee make him exceptionally well qualified to serve the people of Hempstead, Miller, Nevada, and Clark Counties as their Circuit Judge.

Bill Arnold pledges industry, diligence, integrity, honesty, and the fair and impartial administration of justice without fear or favoritism.

A paid political announcement will appear in this newspaper in the near future.

## HELEN HELP US!

by Helen Bottel

### Either Way — It's A Compliment

Dear Helen: What do you think of a man who, after 20 years of marriage, gives his wife black lingerie for her birthday? — Jealous Neighbor

P.S. Please print this — maybe it will give MY husband a hint. He buys me garden trowels and things like that.

Dear Neighbor: He is either telling her she measures up, or suggesting that she could, with a little effort. Either way it's a gift that will pay great dividends.

P.S. To you husband: Trowels are for laying on compliments with, not birthday presents. And you'd better believe me — but you won't.

Dear Helen: Help! Who's right. My husband is 45 years old. I am 21, and we have been married for two wonderful years. The problem? He feels we should buy a home first and then try to have children. I say we should try for children now before he becomes unable. To buy a home I would have to continue working at least three years, as he says we must put a third down on a house costing \$27,000.

Which is worse, a home with no children or a child living in an apartment? My husband claims we can have one or the other but not both. — Never To Be Mother

Dear Helen: If all couples waited for the exactly right financial time, there'd be a lot fewer children—and marriages too. You husband won't be "unable" in three years, but he'll be older: past retirement age before your child is grown, and, while this suits Bing fine, it doesn't work so well for most men.

Also, few people put a third down on their first home — \$4,000 will move you in on FHA, and your payments will still be comparable to apartment rent in your area — if you choose a longer loan.

Come on, take a chance: try now, pay later. — H.

Did "Victim" Blame Wrong Party?

Dear Helen: You advice to "Victim" was all wrong. The clerk who got fresh with her never did receive a phone phone call, saying she was "willing." The jerk made that up as a stock phrase and in most cases it worked for two reasons: Which

girl or woman does have such a clean conscience, and don't most women enjoy a little outing? If she refuses his advance, he can fall back on the phone call excuse.

But what is worse: This man is obviously a sex maniac, possible an offender on parole who has learned how to approach women with made-up lies about their calling him up. Once he gets something on a woman, he may even try blackmail.

You should have told her to contact his employer at once and assume there was no phone call from an unknown prankster. She might save others from his wiles. — E. B.

Dear E.: Aren't you assuming quite a lot about a man who waited 10 years to make a pass? That was his length of employment, it says in my letter.

However, you could be right and thanks for the tip. But let's not call him a "sex maniac." Opportunist is a better word. — H.

Dear Helen: I had a baby before I finished school. Since then I met and married a wonderful man who loves my child as if it were his own. He wants to adopt her. I've heard this costs a large sum of money and I don't know how to go about it. We aren't very well off. Helen, where do you go? — One Who Wonders

Dear One: You should consult a lawyer, but it won't cost a large sum of money. Ask and you'll see. — H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star.

## Results of First Shoot of Season

The Hempstead Skeet Club's first trophy shoot, held at the municipal airport range proved to be more successful than anticipated, with the one Skeet Field having to operate at maximum capacity throughout the afternoon, in order to accommodate the large number of shooters that turned out. Many of the local sportsman found out that Skeet shooting can be real fun once you give it a try. Also many of the shooters found out that they were much better at the game than they expected.

The shoot was divided into 6 classes, in order to give the new or inexperienced shooters a fair shake with the more experienced gunners.

Bob Odum of Hope won the top gun trophy in a shoot-off with Leo Bounds of Texarkana after the two had tied on the regular 50 target event. Odum broke a total of 70 of 75 birds to take the AA championship, with Bounds dropping 2 birds under in the shoot-off to capture second place. Pete Phillips of Texarkana finished third in the AA event, being 1 bird off in the regular course.

Because of limited time, all other class winners were decided by the longest run of breaks from the front or back. Mike Monroe, with a total of 46 and a long run of 20 straight, took the winner's trophy in Class A. Perry DeMarce of Texarkana was runnerup. In Class B, A. H. Jones of Texarkana and James Braden of Hope tied in total breaks with Jones taking first place on the longest run. Class C winner, Johnny Wilson of Hope squeezed by Jack Richards of Texarkana. Harold Douglas of Hope and Carter Russell of Hope by a single bird with Richards taking 2nd place by only one bird on the longest run. Dan Futrell of Nashville won the top award in Class D, with Reese Chambliss and Joe Chism of Hope only one bird down and tied all the way. Clay Lehman took top gun in Class E by eight birds over runnerup Woody Futrell of Nashville.

The Club wants to express appreciation to all the shooters and spectators that helped make the shoot so very successful. Because of the enthusiasm shown in this first endeavor, the Club plans to hold regular shoots in the future. The next trophy shoot may well be pre-classified from scores taken in this weeks event but any new shooters will be classed according to experience, with no one being overmatched.

## Agee's Homer Spells Victory for the Chisox

**BY MURRAY CHASS**  
**Associated Press Sports Writer**  
Tommy Agee, whose head was the target of a Venezuelan whisky bottle this winter, may finally be zeroing in on major league pitching.

Agee, making his fifth attempt at gaining a permanent spot in the majors, hit a home run with a single Tuesday night and ignited the winning rally as the Chicago White Sox defeated California 3-1 and spoiled the Anaheim debut of the Angels.

The 23-year-old center fielder hit torridly in spring training but then managed only one hit—a homer—in his first 10 at bats of the season.

Now he has three hits in his last seven trips, indicating he's ready to stay in the starting line-up.

An overzealous fan in Venezuela knocked Agee out of the line-up this past winter. He was playing for Magallanes and in one game let a grounder go through his legs for an error.

"Those fans are very enthusiastic," he explained. "I was up against the fence when the ball went through my legs. The next thing I knew my head was spinning."

In other American League games, Cleveland defeated New York 3-1, Boston downed Detroit 7-0 before losing 6-4, Baltimore outslugged Washington 14-8 and Kansas City edged Minnesota 3-2.

In the National, San Francisco nipped Chicago 11-10, Pittsburgh downed Cincinnati 7-3, Houston stopped Los Angeles 8-5, Atlanta beat Philadelphia 3-1 and St. Louis knocked off New York 5-2.

Agee's sixth-inning homer was only the second hit off Angel starter Marcelino Lopez. It brought the White Sox even with the Angels, who had a second-inning homer from Rick Reichardt. Then in the eighth Agee singled, went to second on Reichardt's error and raced home as Don Buford singled. Buford later scored on Floyd Strickland.

Lt. Charlene Eversun was the first woman ever assigned to sea duty as a line officer of the United States Navy.

Robinson's single. Fred Whitfield's three-run homer in the fourth gave Sam McDowell all the help he needed against New York. The Cleveland left-hander scattered seven hits and struck out 12 in winning his second game.

Boston finally won a game in the opener of the doubleheader. The Red Sox, who had lost their first five games, got a two-run single from Bob Tilton and homers from Carl Yastrzemski and George Scott.

In the second game, however, Detroit's Denny McLain held the Red Sox hitless for 5 2/3 innings and drove in two runs in the fifth with a single. Norm Cash rapped a two-run single in the seventh.

Frank Robinson collected three hits, including a two-run homer, and Brooks Robinson drove in three runs with two singles in Baltimore's victory. Curt Blefary added four RBI, three on an eighth-inning homer. Don Blasingame knocked in three Washington runs with a single and a double.

Rookie Chuck Dobson and Lew Krausse stopped Minnesota on six hits while Kansas City took advantage of two dropped fly balls by right fielder Tony Oliva. The pair of two-base errors led to two unearned runs against Camilo Pascual.

## Two Texas Loop Teams Unbeaten

**By THE ASSOCIATED PRESS**  
Albuquerque and Arkansas won their fourth straight games to remain undefeated and tied for the Texas League baseball lead.

The Arkansas Travelers needed 10 innings before breaking up a scoreless pitching duel and beating Dallas-Fort Worth 1-0 while Albuquerque whipped Austin 5-2 Tuesday night.

Cold weather forced postponement of the El Paso-Amarillo game and the two clubs will play a doubleheader tonight.

Although out of the top three, Arkansas pitchers did not allow a base on balls and yielded only one extra base hit. Leo Newton, who worked the last two innings, received the victory, his first of the season.

The Travelers got the game's only run when Sam Cook, the Spurs' third pitcher, walked Bill Wolff to lead off the 10th inning. Larry Stubing's single and an error by John Upham allowed Wolff to reach third and he scored on Floyd Wicker's infield grounder.

Albuquerque stroked 12 hits off four Austin pitchers but bunched all its scoring in two innings.

The Dodgers got three runs off starting and losing pitcher Dave Fracaro in the second inning. Albuquerque pulled a double steal in the frame. A pair of unearned runs in theseventh clinched it after Rafael Gomez singled home both of Austin's runs in the third inning.

Jim Barfield got four straight hits for Albuquerque and Chuck Laurison pitched a one-hitter over the last 3 1/3 innings to protect the victory for Jim Strickland.

# Defensive Line Free Masonry Subject of Kiwanis Meet

**Regular Quits the Razorbacks**  
FAYETTEVILLE, Ark. (AP) — A two-year letterman in the Razorbacks' defensive line is quitting football. Coach Frank Broyles said Tuesday.

Broyles said Tommy Sain, a 6-foot-1, 265-pound junior from Jonesboro, wanted to concentrate on his studies.

Sain, who played linebacker on last season's Southwest Conference champion Porker squad, was expected to line up next fall as nose guard — who plays face-to-face with the opposition's center.

The Razorbacks returned to spring practice after a 10-day Easter layoff and Coach Bill Pace called the 2 1/2 hour workout "an average first day back."

Ronnie South quarterbacked the offense to two touchdowns, both scored from within the 5 yard line by Bruce Maxwell and David Cooper. Alvin Jones, doing his first varsity kicking, added the two points.

Broyles announced that game-type scrimmages will be held this spring on Fridays, instead of the usual day, Saturday. The only exception is the final Red-White game on Saturday, May 14.

The Red-White game at Little Rock will be on Friday, May 6.

## Colt to Give Perez a Chance

BALTIMORE (AP) — The Baltimore Colts announced Tuesday they will give Ron Perez of Tampa another chance to make the NFL team as a punter. He was released before the 1965 season started, but remained with the Colts on their practice squad.

## Utah Hoping Exhibit Will Arrive

**By JOHN FARROW**  
**Associated Press Sports Writer**  
ROME (AP) — Representatives of Salt Lake City, Utah, seeking the 1972 Winter Olympics, were still hoping today that their missing exhibit would arrive here for the site deliberations.

"It must come," said J. W. Gallivan, publisher of the Salt Lake City Tribune and a member of the city's organizing committee.

The 1,000-pound exhibit was to have arrived in Naples Monday and then brought here for the 72-member International Olympic Committee meeting at which time the site of the 1972 Summer and Winter Games will be chosen.

At yesterday's weekly Kiwanis Club luncheon Harry Shiver presented a film entitled, "In The Hearts of Men." This story of Free Masonry was narrated by Lowell Thomas. E. P. Young Jr. gave an account of the Key Club Convention held recently in St. Louis and attended by Hope youths.

Top photo shows members being served lunch and the bottom photo shows Mr. Shiver. The program was arranged by Dr. Lynn Harris and Guy Grigg.

Gallivan learned that the plane carrying the exhibit had been grounded at the U.S. Air Force Base at Mildenhall, England, by engine trouble.

Later, he was told a flight officer was arranging to fly the exhibit to Milan on a private airliner.

A spokesman for the air base in Mildenhall said the exhibit left the base Tuesday night for a flight from London Airport. But Gallivan said early today he still had no word of its whereabouts.

## Pro Cager Bellamy Undergoes Surgery

NEW YORK (AP) — Walt Bellamy, 6-foot-11 pro basketball star with the New York Knicks, underwent surgery Tuesday for the removal of cysts on both feet.

The IOC will decide by secret ballot next Tuesday the sites for the Games.

Detroit, Madrid, Montreal and Munich, Germany are bidding for the Summer Games, with Munich reportedly holding the inside track.

Along with Salt Lake City, Banff, Canada; Sapporo, Japan; and Lahti, Finland, are seeking the Winter Games. Banff is favored.

## How to buy a Lincoln Continental for less than the cost of an ordinary car!

How? Buy one that's been previously owned. Being the second owner of a Continental makes a lot of sense. You get a car with more prestige than most new cars — a car that's engineered to perform better and longer — a car that's had first-class care all its life — and you're saving some thousands of dollars! Our stocks vary from time to time, of course, so call me to see what I have on hand now. I promise, you'll save substantially!

## Travelers Still Remain Undefeated

ARLINGTON, Tex. (AP) — Three Arkansas pitchers allowed 10 hits but no run and the Travelers took a 1-0, ten-inning Texas League baseball victory over Dallas-Fort Worth here Tuesday night. Arkansas is 4-0 and shares the league leadership with Albuquerque. Floyd Wicker brought Billy Wolff home from third on a slow grounder to the Spurs' shortstop. Fred Wall allowed six hits in six innings, Church Taylor worked the next two innings and Leon Newton gave up a single in his last two innings. Newton got credit for the victory. Arkansas is scheduled to meet the Spurs again tonight. Ark. 000 000 000 1-1 7 0 Spurs 000 000 0-10 2 Wall, Taylor (7), Newton (9) and Breeden; Church, Norman (8), Cook (9) and Procopio. # Willie Slams 4 Hits to Beat Chicago Cubs

By DICK COUCH  
Associated Press Sports Writer  
Willie Mays is coining the gap on Mel Ott and lowering the boom on Leo Durocher. Wondrous Willie crashed four hits — including his third home run of the young season — as the San Francisco Giants outlasted Durocher's Chicago Cubs 11-10 Tuesday for their sixth victory in seven games. The home run — 508th of Mays' 15-year career — left him three short of Ott, the late Giants slugger and National League record-holder. Mays, who belted 52 homers last year, should pass Ott, as well as Ted Williams, 521, and Jimmy Foxx, 534, this season. That would put him in the No. 2 spot on the all-time list behind Babe Ruth's 714 total. All three of Willie's 1966 blasts have come off Chicago pitchers and two have helped beat Durocher, his former manager and biggest booster. Mays homered in the Giants' 9-1 season-opening victory over the Cubs at San Francisco last week before spoiling Durocher's Chicago debut Tuesday. The Cubs have dropped three of four to San Francisco and six of seven over-all. Pittsburgh remained tied with the Giants for the National League lead by pounding Cincinnati 7-3 for its fourth straight. Houston knocked out Don Drysdale and whipped Los Angeles 8-5; Atlanta edged Philadelphia 4-3 and St. Louis trimmed New York 5-2. In American League action Baltimore slugged Washington 14-8 Cleveland topped New York 2-1, Kansas City unroled Minnesota 3-2 Chicago defeated California 3-1 and Boston blanked Detroit 7-0 in the opener of a doubleheader before dropping the nightcap 8-4. The Giants paraded eight pitchers against the Cubs—tying a league record — before Bob Bolin got the last out with three bases loaded in the 9th. Trail ing 9-3 in the eighth, San Francisco struck for three runs—one on Mays' third single and two on Don Landrum's two-out double—to null it out. The Pirates rocked Cincinnati's Sammy Ellis and two successors for 17 hits, Don Clendenon leading the way with four singles. Winning pitcher Steve Blass, meanwhile, scattered seven hits, including rookie Tommy Helms' first major league home run. Blass also snapped Vada Pinson's carry-over hitting streak at 31 games. Drysdale, making his second start for the Dodgers, departed in the middle of Houston's four-

run fifth inning uprising that erased a 5-2 Los Angeles lead. Jim Wynn applied the clincher with a two-run homer off reliever Bob Miller in the eighth. Atlanta starter Wade Blasingame keyed a two-run rally in the third inning with a bunt single and reliever Clay Carroll checked Philadelphia on one hit over the last five innings. Blasingame's safe bunt, singles by Gary Geiger and Felipe Alou, a force play and Dick Groat's throwing error produced the deciding runs in the third. Tim McCarver's bases-loaded triple in a four-run fifth inning rally shot the Cardinals past the Mets as rookie Larry Jaster outpitched New York's Jack Fisher, who has lost 10 straight. Ex-Cardinal Ken Boyer hit a bases-empty homer for the Mets, who dropped back to the 5.00 mark with a 2-2 early-season mark. SAIGON, South Viet Nam (AP)—The hardest job facing allied forces in Viet Nam these days is to scrape up an acquaintance with the Viet Cong on the battlefield.

## Some U.S. officers believe the Communists are short of supplies. Others think they are waiting for the monsoons.

The American command chart shows nine operations. This means U.S. troops in units from battalion to multibrigade size are roaming the jungles, the plains and the rice paddies during the insurgents to fight.

## Most of the operations have not been announced and are still on the secret list. Under military ground rules an operation is made public only after significant contact with the enemy.

By refusing to make such contact and by their ability to fade away, the Viet Cong mock the rules, anyway. The U.S. Military Assistance Command announced the end of a big operation, five days after it started. This was the first disclosure that it even existed, since there was no major contact with the enemy.

## Intelligence has come up with a variety of conclusions about the Viet Cong's reluctance to show themselves.

THE BORN LOSER

By ART SANSON

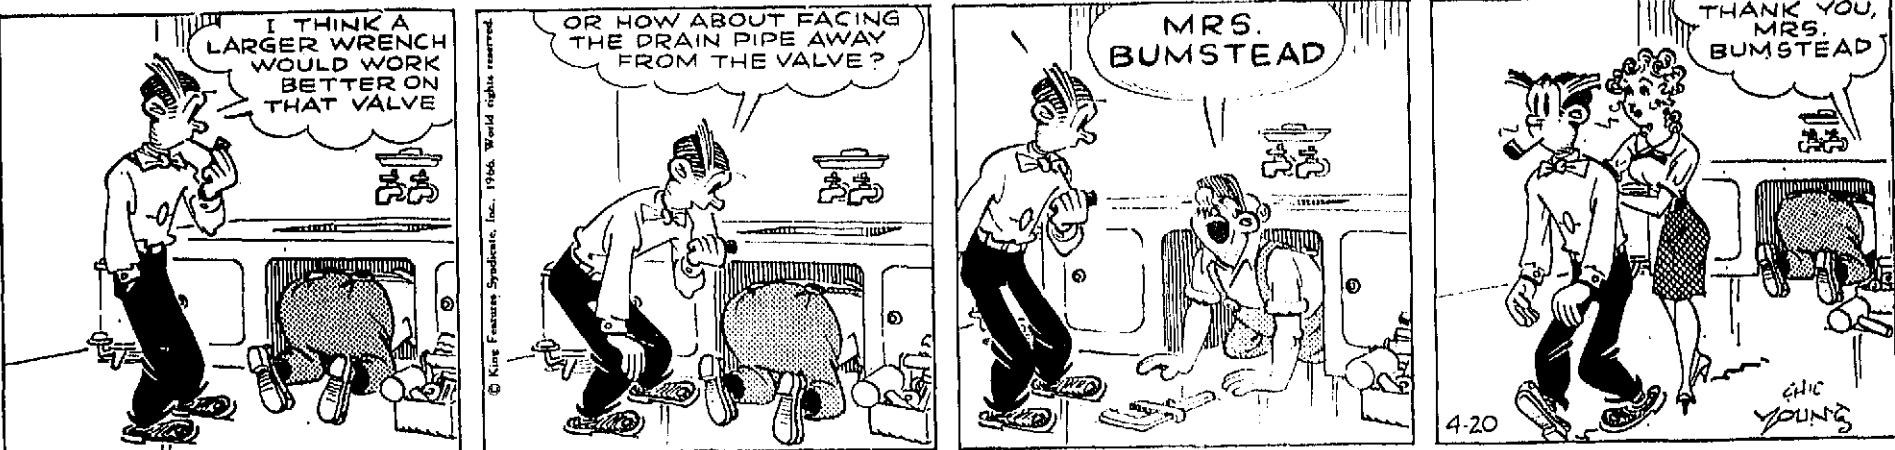

Sagittarius, in astronomy, is a constellation and sign of the zodiac. The word means "archer" and, in mythology, Sagittarius was pictured as a centaur preparing to shoot an arrow. In the heavens, six of its stars outline the inverted Milk Dipper, which has its handle thrust into the Milky Way. Near the eastern border of Sagittarius is the winter solstice, the southernmost point of the sun's apparent annual course around the heavens.

Jim: "Would you define a 'nothing play' as a play that just cannot win but may lose when tried in preference to the correct play?"

Oswald: "That is exactly right. Thus, if you hold five spades, to the ace-queen-ten and dummy holds the jack-nine-eight the correct play is to try to pick up the king by means of a finesse. The play of the ace to try to drop the king is a bad play but it is not a nothing play. Every once in awhile the singleton king will show up behind the ace and the bad play will gain a trick."

Jim: "In other words a bad play may actually gain a trick for you. It just loses more often than it gains while a nothing play may lose but cannot possibly gain."

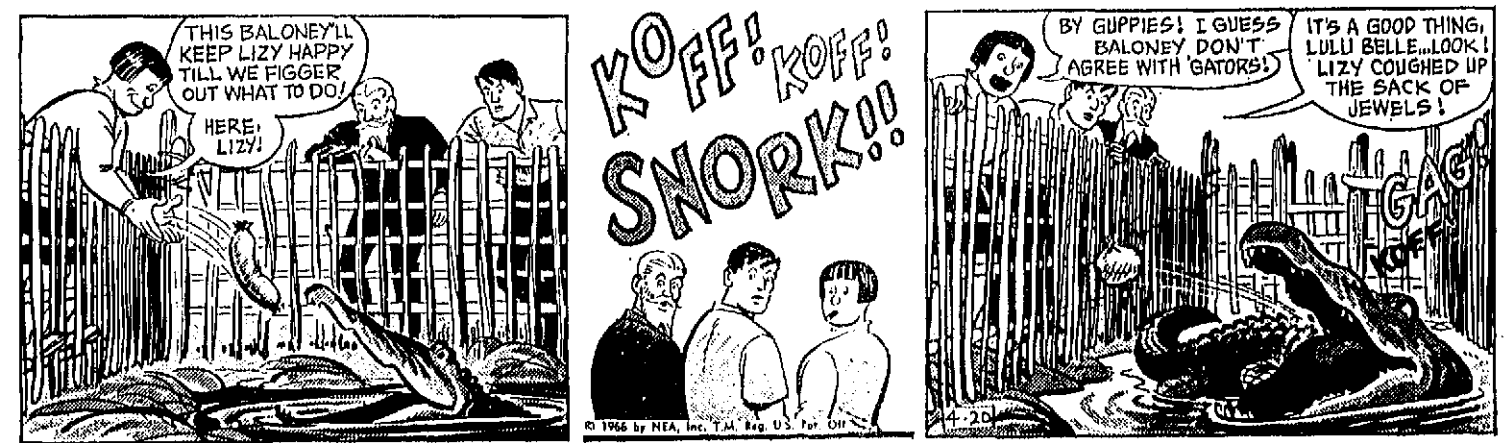

Oswald: "South had a chance to throw away game and rubber by means of a nothing play in clubs. He won the spade opening and played out ace and a low club. East won with the queen and led back a second spade. Then South led his jack of clubs and wound up with five clubs, three spades and a heart for the necessary nine tricks."

Jim: "South's nothing play would have been to play his jack of clubs after the ace. East would still have won with the queen but West would have been left with two more club stoppers and South's club suit would have been worth one trick instead of five. It should be noted that if clubs broke 3-3 both the correct play and the nothing play would have worked. With clubs breaking 4-2, only the correct play worked."

THEIR BIGGEST CATCH SO FAR—

# THE DOCTOR SAYS Menopause: Physiological Process, Not a Disease

BY WAYNE G. BRANDSTADT, M.D.  
Newspaper Enterprise Assn.

Since all women, if they live long enough, will go through the menopause, this is not a disease but a physiological process that is a part of aging. However, because unlike the people of some other countries we do not take pride in our years, anything connected with aging is regarded with

of the bones that sometimes leads to fractures incurred with a minimum of trauma — and an acceleration of the hardening of the arteries that begins at birth.

Fortunately, we now have a way of relieving the depression and hot flushes of the menopause and retarding the other changes. Menopausal changes are, in general, the result of a lack of female hormones formerly put out by the ovaries. Supplying a small maintenance dose of these estrogens for the rest of a woman's life is now advocated by progressive gynecologists.

Since such treatment is replacement therapy, there is no need to interrupt the treatment from time to time. In fact, such interruptions are inadvisable because they may result in some bleeding from the uterus. Furthermore, hormonal treatment is no more likely to cause cancer, as some have claimed, than the same hormones were when a woman was producing her own estrogens.

Of course, if she develops certain types of cancer, the hormonal therapy should be discontinued just as removal of the ovaries is recommended for younger women with the same type of cancer.

Regulating the dosage must be carefully done to prevent soreness of the breasts, feeling of fullness in the pelvis and other unwanted symptoms caused by too much estrogen. If more women were given this treatment, fewer tranquilizers would be needed and the menopause would be less of an ordeal.

Q—Is it necessary to get ACTH injections when taking cortisone by mouth?

A—These drugs have an anti-inflammatory action but, since cortisone and related drugs suppress the secretion of ACTH, it might, in some cases, be necessary to give injections of the latter.

Q—Since aspirin relieves headache, but does not induce sleep, why do you recommend limiting the dose?

A—Because this drug irritates the lining of the stomach and may cause bleeding or a peptic ulcer.

## Double Jeopardy

To the athlete defeated in sport, the proverb says:  
"If at first you don't succeed, try, try again."

But to the prosecutor defeated in court, the United States Constitution says just the opposite:  
"If at first you don't convict, you may not try, try again."

For, if the prosecutor tried the same case again, he would be putting the accused person in "double jeopardy," that is, he would be forcing him to face trial twice on the same charge.

Why does the Constitution forbid double jeopardy? It is a matter of simple fairness.

"The underlying idea," the Supreme Court once explained, "is that the State with all its resources

shall not be allowed to make repeated attempts to convict an individual for an alleged offense, thereby subjecting him to embarrassment, expense and ordeal and compelling him to live in a continuing state of anxiety and insecurity."

Yet society, by giving up its second chance of winning a conviction, takes the risk of letting some real criminals go free. To prevent double jeopardy from providing an "easy out" for rascals, the law puts careful limits on the rule.

Consider three examples:  
A mail fraud trial was called off because the judge became seriously ill.  
A murder trial was halted by the discovery that the defendant

had smuggled a friend onto the jury.

A forgery trial ended in deadlock when the jurors found themselves unable to agree on a verdict.

In each of these cases a second trial was begun. Each time the defendant objected that he could not be tried again because of "double jeopardy."

But each time the objection was overruled. For in none of these situations had the basic question of guilt or innocence really been answered. Through no fault of the prosecution, the law's machinery had been stopped short, its task yet undone.

In fairness to the accused, we

do not ask him to face jeopardy twice. But in fairness to society, we do ask him to face it once. Society, too, is entitled to its "day in court."

The Bible in School

The controversy over prayer and Bible reading in the public schools has raised such a rumpus that one interesting facet of the matter has been more or less obscured. The head of a released-time religious education program called attention to this not long ago when he predicted that after a little religion and the Bible may be found on the curriculum of many public schools.

This view is based on the opinion written by Associate Justice Tom Clark at the time the Supreme Court declared Bible reading in the schools unconstitutional. "Nothing we have said here," Justice Clark wrote, "indicates that study of the Bible or of religion, when presented objectively as part of a secular program of education, may not be... consistent with the First Amendment."

In short, though the Constitution forbids anything resembling services of worship in the public schools, it does not forbid teaching about religion. This is a vital distinction. For religion has played an influential part in history. This aspect of it should receive attention in the schools.

Also, the Bible is the most famous example of literature in all the world. One may graduate from high school and even college with little knowledge of the Bible and its significance but an appreciation of its prose and an understanding of its influence on mankind enriches the mind.

The Constitution decrees that prayer and religious instruction be separate from the public school curriculum. Yet education in the Bible as both literature and history, and in religion as a part of the human story, does belong in the schools. — Macon (Ga.) News

## Cold Spring Storm Now Weakening

A cold and violent spring storm showed signs of weakening today after lashing portions of the West, northern Plains and the midlands. It brought snow, frost and freezing temperatures, hail, rain, strong winds and tornadoes that caused damage in excess of \$1.5 million.

Three men were killed in storm-related auto crashes in Colorado and Wyoming and at least five persons suffered minor injuries in a tornado.

A residential section of Overland Park, Kan., a suburb just southwest of Kansas City, Mo., and the Valley View subdivision of Lombard, Ill., west of Chicago, suffered extensive damage from the tornadoes. Other tornadoes touched down in rural areas of north Iowa.

Thousands in the metropolitan area of Kansas City, Mo., watched a slender funnel that dangled ominously from a dark, swift moving cloud and was brilliantly outlined by a sunny sky near the horizon.

The funnel started suddenly into a housing development, brushing an elementary school. As it struck the homes, Emory Holland, who was driving home from work, said he saw "sparks fly from the snapped power lines and the air was filled with debris."

## Commission Fires Another Top Employee

LITTLE ROCK (AP) — The state Highway Commission fired another upper level Highway Department employee Tuesday and announced it was digging deeper into the agency's internal operations.

The commission dismissed James Meredith Jr., 41, a 14-year veteran of the department who made \$950 per month as its chief of general services.

He was fired for refusing to answer questions about a pickup truck department employee gave to Mack Sturgis when he resigned as highway director on April 1, the commission said.

An unauthorized pay raise, later rescinded, led to the firing of Y. W. Whelchel, administrative assistant to the director.

The commission said Meredith was the only employee it had questioned in an investigation who didn't cooperate.

The commission released two resolutions, one declaring that it is commission policy henceforth that gifts to departing employees shall be of little value and shall be made without pressure, implied or actual.

The other resolution re-established the department's purchasing committee which Chairman Wayne Hampton said Sturgis had abolished several months ago.

The commission, however, again refused to rebuke Sturgis directly, saying, "Mr. Sturgis is not with the department any longer."

Sturgis returned to his former job as state purchasing agent. Hampton said the investigation was continuing and further disciplinary action may come.

The commissioners said they had been questioning employees about the collection to purchase the pickup truck for Sturgis and about the secret pay raises, which came without the commission's knowledge.

The Freedom Forum is sponsored by the National Education Program, based here, and Harding College.

## Undecided on Highway Investigation

LITTLE ROCK (AP) — The chairman of the Legislative Joint Audit Committee said today that members he has contacted are divided over a full-scale investigation of the Arkansas Highway Department.

The committee will vote at a meeting in Washington, Ark., Friday on whether to undertake the investigation requested by Republican Sen. Jim Raney of Warren.

The committee chairman, Rep. Sterling Cockrill Jr. of Little Rock, said in an interview that he believes an investigation should be made and that his committee has the power to look into many aspects of what has happened in the Highway Department.

Raney asked for the investigation after disclosure that former Director Mack Sturgis had approved \$2.1 million in salary increases without advising the commission.

## Hampton to Ride Friends' Statement

LITTLE ROCK (AP) — Wayne Hampton, Highway Commission chairman who had promised to answer a Republican charge that the state paved a road serving his farm, said Tuesday that his neighbors had adequately defended him.

"I said I would have a statement," Hampton said, "but the people through ads have just about made my statement for me. The people have spoken and I'll let it stand on that."

Hampton spoke of advertisements placed in Sunday newspapers. The ads, signed by about 150 persons, said the road, Arkansas 276, served numerous other individuals and was used for purposes other than getting to the Hampton family's property.

After saying he wouldn't comment, Hampton released copies of letters from the pastors of three churches served by the road, and from the secretary-treasurer of the Bayou Meto Cemetery, also on the road.

Some pastors said the Arkansas 276 was a necessary thoroughfare for their congregations; and the cemetery official, Harvey Riley, said the cemetery served much of Arkansas County and that an all-weather road leading to it was necessary.

## Weather in State to Get Some Colder

Cold weather headed toward Arkansas today and the U.S. Weather Bureau said temperatures would drop about 20 degrees tonight, following more than a week of mild overnight temperatures.

The shift in the weather pattern brought a severe weather watch and at least one report of a tornado. A twister touched down near Eureka Springs, doing minor damage, while extreme northwest Arkansas was under a thunderstorm watch. Nobody was hurt.

The Arkansas forecast called for minimum readings tonight from the upper 30s in the north to the low 50s in the southeast.

Minimum temperatures the past week have ranged from the upper 50s and low 60s in the north to the upper 60s in other sections.

Low overnight readings today ranged from 58 degrees at Harrison to 71 degrees at Texarkana.

The bureau predicted cloudy sky conditions and scattered showers and thundershowers through tonight.

The northern section of the state continued to receive rain during the 24-hour period ending at 6 a.m. More than an inch fell on Fayetteville and Fort Smith.

## McNamara Says the U.S. Is Strongest

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara said today the nation's military strength is so great that it has been able to commit 325,000 men to the Viet Nam war without calling up Reservists or controlling the economy.

"No other nation in history has ever been so strong," McNamara said.

"In history, never has any other nation—and never has the United States—carried such great military strength with so little burden on its society."

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara testified today on Capitol Hill on the heels of a clash between Republican leaders over a charge of "shocking mismanagement" of the Viet Nam war.

Senate Republican Leader Everett M. Dirksen said Tuesday House Republican Leader Gerald R. Ford "went pretty far" in charging shocking mismanagement.

"In what respect is it shocking?" Dirksen asked at a news conference. "Who are the shockers?"

Asked if he was closer to Johnson than Ford, Dirksen said: "You don't demean the chief magistrate of your country at a time like this when the war is on. You don't take them apart, you stand up to be counted."

At the same time, the Senate Republican Leader called his House counterpart "honest and sincere."

Ford had no comment on Dirksen's statements, but told a newsmen he thinks "we've got McNamara on the run."

## Rain Welcomed by Firefighters

LITTLE ROCK (AP) — State Forester Fred Lang says rain in the state was a welcome relief and predicts no major forest fires this week unless winds begin to blow out of the north.

North winds, he said, dry the forests more than winds from other directions.

Fires destroyed about 1,600 acres of timber in national forests in Arkansas Sunday, officials said.

## Tornado Hits in Eureka Springs Area

EUREKA SPRINGS, Ark. (AP) — A tornado damaged a livestock sale barn and a house, destroyed a chicken house and uprooted dozens of trees in a three-mile long path early today, Sheriff Orval Bishop said.

Bishop said the tornado touched down near the Hill-speak area south of here and wound to the edge of the southern city limits of Eureka Springs.

No injury was reported, the sheriff said.

James Hunt of Eureka Springs narrowly escaped injury when a tree toppled over and crashed through his car, which he had stopped on a county road that was blocked by another fallen tree.

The chicken house was on the Fred Evans farm just south of Eureka Springs. The roof was blown off Evans' house. The roof was lifted off the Eureka Springs Sales Barn.

## Ends Burma Visit

RANGOON, Burma (AP) — Communist China's President Liu Shao-chi left Rangoon today for Peking, concluding a three-day visit to Burma.

Strong anti-Communist and anti-Chinese sentiments have swept Indonesia since the pro-Peking Indonesian Communist party backed an unsuccessful coup attempt last Oct. 1. Peking was accused of supplying arms to some of the Communist rebels.

Foreign Minister Adam Malik said "an excess of the people's wrath" was responsible for the anti-Chinese outbursts and the strained relations between Indonesia and China, the official news agency Antara reported today.

"This is natural if we relate these excesses to the present situation of Indonesian society," Malik told representatives of Christian students.

Malik did not explain further but implied Communist activities in the country were responsible for the anti-Chinese outbursts.

## Social Society Names Official

LITTLE ROCK (AP) — R. Lewis Urton, an Arkansas Rehabilitation Service official, was named president-elect of the Arkansas Conference on Social Welfare here Tuesday.

Miss Margaret Deal, coordinator of medical case services for the state Welfare Department, was elected vice president.

The 1966-67 conference president is Miss Ann Guthrie of Pine Bluff, director of the Jefferson County Welfare Department.

## Bombers Blast Railway Deep in Cong Area

SAIGON, South Viet Nam (AP) — U.S. Navy bombers edged closer to Haiphong Tuesday in the third straight day of raids on North Viet Nam's vital Red River Delta, blasting a railroad bridge 10 miles north of the country's chief port. A U.S. spokesman said one span of the bridge was destroyed.

Four Soviet-built surface-to-air missiles were fired at the attackers but missed their marks, the spokesman reported today.

Three other U.S. jets were lost elsewhere over North Viet Nam in the past 24 hours, raising the number of American planes shot down since the raids began 15 months ago to 213. One of the pilots was rescued in a blaze of enemy fire. The other two were resumed captured or dead.

In the south, Viet Cong raiders damaged two big U.S. Air Force Hercules troop transports in a hit-and-run attack on a small airfield in the central highlands but caused no casualties. Officials said the four-engine planes could be repaired.

Allied forces reported little other contact with the Communists as the lull in the ground war continued. Only South Korean forces reported a brush of any significance, in a sweep on the central coast.

## Red Embassy Occupied in Indonesia

JAKARTA, Indonesia (AP) — Indonesian students have occupied Communist China's deserted consulate in Jakarta after ransacking it again.

More than 100 members of the anti-Communist student organization KAMI took over the building Tuesday, burned remnants of furniture and bundles of papers in the yard and painted anti-Chinese slogans on the walls.

They said the Jakarta military command had given them permission to use the consulate as a headquarters.

The Chinese left only servants in the building after a student mob sacked it for the first time a month ago. The students said the servants offered no resistance.

The seizure of the consulate building was the second anti-Chinese action in the Indonesian capital in four days. About 2,000 Indonesians of Chinese descent ransacked the Chinese Embassy in another part of the city last Friday. The attack brought a stiff protest from Peking.

Strong anti-Communist and anti-Chinese sentiments have swept Indonesia since the pro-Peking Indonesian Communist party backed an unsuccessful coup attempt last Oct. 1. Peking was accused of supplying arms to some of the Communist rebels.

Foreign Minister Adam Malik said "an excess of the people's wrath" was responsible for the anti-Chinese outbursts and the strained relations between Indonesia and China, the official news agency Antara reported today.

Malik did not explain further but implied Communist activities in the country were responsible for the anti-Chinese outbursts.

Bill Arnold of Texarkana today filed with the Hempstead County Democratic Central Committee as a Democratic candidate for the office of Circuit Judge of the 8th Judicial Circuit which encompasses the Counties of Hempstead, Miller, Nevada, and Clark. This judgeship is now held by Judge Lyle Brown of Hope, who will vacate it on December 31, 1966, as Judge Brown has filed as a Democratic candidate for Associate Justice of the Supreme Court of Arkansas.

Bill Arnold is a 42-year-old lawyer who has been in the active practice of the law in all Federal and State Courts in Southwest Arkansas and Northeast Texas for 16 years, specializing in the trials of cases, with emphasis upon jury trials.

Bill Arnold was born in Texarkana and is a descendant of a pioneer family. His paternal grandfather, Juge W. H. Arnold, was born in Union County, educated in Nevada County, taught school in Nevada and Clark Counties, practiced law in Prescott, and in 1883 founded the law firm in Texarkana of which Bill Arnold is now a member.
